

## **Hinchey House Painting Project Update: June 10, 2026**

Our Gift from the Heart campaign this year raised money for the painting of the exterior of the Hinchey House. We had a number of donations from our members and an additional anonymous donation which, in total, gave us enough funds to complete the project.

We got quotes from painters and have signed a contract with Integrity Painting to complete the job. Work should begin at the end of July, unless they are able to begin sooner, or weather causes delays. We are very excited about getting this project done to help preserve the house and make it look even nicer.

A special thanks to Gates Town Supervisor, Cosmo Giunta for granting us permission to get this project going. We look forward to continuing to work with the town in preserving and sharing the beautiful Hinchey Homestead with our community.

We will continue to keep everyone posted on this and our other projects around the homestead.

Thank you again to everyone involved in getting this project underway!

Marjorie Bouwens  
President, Gates Historical Society
